# FIND YOUR LEVEL GUIDE

## ADULT SKIING

**Level 1:** This is my first time.

**Level 2:** I have tried skiing before, on snow or on a dry slope. I have started to snowplough turn on the nursery slopes.

**Level 3:** I am confident snowploughing on green and blue runs and my skis are sometimes parallel towards the end of the turn.

**Level 4:** I am nearly parallel but often use a small plough to start the turn.

**Level 5:** I am a competent parallel skier and can ski red runs in good conditions but find I struggle when it gets bumpy, steeper, icy or the snow gets deep.

**Level 6:** I am an advanced parallel skier that can ski all reds, and blacks as well, providing they are not excessively steep or bumpy.

**Level 7:** I can ski most places. Black runs are no problem and I enjoy off piste and itinerary runs.

## SNOWBOARDING COURSE & CLINICS

**Level 1:** I am a complete beginner or I have done an hour or two on a snowboard.

**Level 2:** I can turn heelside to toeside and toeside to heelside on easy terrain such as a green run, snowdome or dryslope.

**Level 3:** I am happy turning on blue runs. On green runs I link my turns and carry my speed from one turn to the next.

**Level 4:** I am happy riding on red runs. I can ride fast on easy slopes. I can make basic switch turns on easy slopes.

**Level 5:** I can ride on all marked runs. On easy slopes I can grip and carve a narrow track in the snow. I have done a bit of off piste and freestyle before but want to learn more.

## CHILDREN'S COURSES

**Whippersnappers:** This is my first time.

**Wallabies:** This is my first time.

**Young Arrows:** Arrow standard but 5-7 years only

**Arrows:** I can already take lifts (drag /chair) and ski green runs doing good plough turns.

**Bombers:** I can happily bomb down blue runs but my skis aren't always parallel.

**Rockets:** I can already ski parallel turns down red slopes.

**NG Freeride Team:** I am a strong parallel skier that can ski on all pistes without any trouble. I want an adventure and to master all types of terrain and conditions.
