Eurostar Train (Night) Travel Information

Eurostar Night Train 2 - Extra days skiing

Eurostar departs London St Pancras 20:13 and Ebbsfleet 21.16 respectively on the Friday evening and arrives at Moutiers 05:37 Saturday morning. The following Saturday evening you depart Moutiers at 23:09 and arrive at Ashford International at 06:34 and London St Pancras 07:35 on the Sunday morning.

Changeover day:

Chalet rooms are to be vacated at 10:00 am on day of departure and that rooms are not available until 4:00pm on day of arrival.

Arrival Day

As you arrive so early at Moutiers and nothing in Meribel or La Tania is open. Clients are also occupying the chalets, you will be required to stay in Moutiers where you can stretch your legs and have some breakfast. At 7.30 our representatives will collect you from the train station and take you to resort. You may arrive in the chalet before existing clients have departed. If it is not possible to take you directly to your chalet then you will be taken to another chalet close by. You will be allocated an area where you can change and head out for the day skiing. Other chalet services or facilities are not really available to you at this time. You will be required to vacate the chalet for the day. The chalet will be available with all services from 4pm where you will find your rooms ready and afternoon tea waiting.

Departure Day

On the day of departure you will need to vacate the chalet by 1000am for skiing leaving your luggage in the garage of the chalet. We suggest that you leave your travelling clothes at the top of your bags, as you will be unable now to enter the chalet rooms or washing facilities that would have now been handed over to the arrival clients that day. You will be taken from the chalet on Saturday afternoon to Moutiers Station. You can leave your luggage at the Station in a secure locker for a small charge. We recommend that you take advantage of one of the many restaurants near to the station before you make your journey home.

Whilst our staff will be as helpful as possible we ask that you respect your 2 day extended skiing period is outside the normal chalet occupation and availability times.

These are Alpine Action standard terms and conditions clients using the night train options. If you have any queries with the above then please do not hesitate to contact our office.
