# PARALLEL LINES LEVEL & COURSE GUIDE

**LEVEL 1** This is my first time! Never been skiing before, I'm really excited!

**LEVEL 2** I have tried skiing on a dry slope or snow. I have started to turn and stop but may not always feel in control

**LEVEL 5** I like skiing fairly quickly and I am happy to ski reds in good conditions. I may struggle if terrain becomes challenging

**LEVEL 3** I can make controlled turns on green runs and may have skied a blue

**LEVEL 4** I am skiing parallel on most blues but struggle if conditions become more difficult

**LEVEL 6** I can ski reds and can get down blacks in reasonable condition. I want to improve my skills to ski steeper slopes, bumps etc

**LEVEL 7** I can ski all runs in all conditions. Bumps and off piste are fun!

**LEVEL 1** I'm a complete beginner, or I've had a few lessons but I'm not yet turning both ways

**LEVEL 3** I'm an intermediate boarder, consistently linking turns on blues and some reds but needing better technique

**LEVEL 2** I am linking turns on both edges on greens and the odd blue

**LEVEL 4** I'm an all-mountain boarder, learning to ride switch, carving and freestyle

**mini green** I am only young so I want to have a fun time as it's my first go!

**level 1 GREEN SAFARI** It's my first time, I want to learn to snowplough and make my first turns

**level 3 BLUE/RED** I can ski parallel on easier runs but use a snowplough when the terrain becomes more challenging

**level 4 RED SAFARI** I can ski reds parallel and know how to use my poles. I'm pretty quick

**mini blue** I have skied at least a week and have skied green runs but I want to be with children closer to my age

**level 2 BLUE SAFARI** I have skied at least a week. I can ski green runs in control and may have skied a blue!

**level 5 ALL MOUNTAIN** I have skied lots and I can ski blacks in good condition. I need to improve control of speed on steep slopes, bumps and improve my carving

**level 6 MOUNTAIN EXPERT** I ski fast, I can carve, ski bumps, and make short turns on steeper slopes.
